Turn your atrium into a beautiful dining room or additional living space.

The Koi were moved
to a new pond
outside.

Remove stucco,
windows and tile roof

Remove wall and beams

- Taller cabinets with stacked crown molding
- Staggered cabinet depth
- Custom lead glass

Close in doorway

- Lighting in open display cabinets
- Large amount of storage

Before

Move a Wall

- Recessed wall set the oven back to allow a larger island and walk area.
- Cooktop moved in to the island away from the sitting area at the peninsula.

Before

Clear Sitting Area

- Move cooktop to island
